

The revised MBA program requires completion of 30 credit hours (10 courses).

Of these 30 hours, 21 hours are required and 9 hours are elective.

The courses that are required are as follows:

MBA 501: Quantitative Analysis using Information Systems

MBA 502: Managing Accounting Information

MBA 503: Managing in the Business Environment

MBA 504: Managing Customers

MBA 505: Managing People

MBA 506: Managing Finance and Capital

MBA 507: Managing and the Decision Process

The elective courses will be selected by students from the courses offered at the time.

There is the possibility for individual study or individual project courses to substitute for elective courses. This option is subject to the approval of the Director of Graduate Studies.

The MBA program can be completed via one of two 'tracks'. The schedule for each is set out below.
